## PROGRESS ON PLASTIC

- **Less plastic on Bournemouth seafront**
- **Refill scheme to start in May this year**
- **Better bins for plastic waste**

Local Green Councillor for Winton East Simon Bull supported a motion that means Bournemouth Borough council will reduce the amount of plastic waste produced on Bournemouth beaches. Hard working Councillor Simon Bull said:

**“I welcome this first step, and would like to see it taken further with ideas like bottle returns, less plastic packaging and working towards the elimination of all single use plastic waste.”**

The UK has a massive problem with plastic waste, and the Green Party is campaigning nationally to design waste out of the consumer chain.

## BOURNEMOUTH, POOLE & CHRISTCHURCH TO MERGE

Bournemouth, Poole & Christchurch council are set to merge in a controversial plan recently given the go ahead. Green Local Councillor for Winton East Simon Bull said:

“There are still too many unanswered questions about what this will mean for local residents. Local people could end up with less of a say in what happens in their neighbourhood so I will keep asking questions.”
